Summary

Computer Science graduate from COMSATS University with hands-on experience in full-stack web application development using the MERN stack and Next.js. Strong foundation in frontend interfaces, backend APIs, databases, and search engine optimization (SEO) focused on building fast, discoverable, and high-performance web applications.

Skills

Frontend: HTML, CSS, JavaScript, React.js, Next.js, Tailwind CSS

Backend & Databases: Node.js, Express.js, MongoDB, SQL

Web Optimization & SEO: Technical SEO, On-Page SEO, Keyword Research

Programming: JavaScript, Java, C++, Python

Tools: Git, GitHub, VS Code, Postman, npm

Projects

Smart Indoor Sports Booking System

[See Live](#)

Next.js, Node.js, MongoDB, Stripe

- Engineered the full frontend using Next.js Server-Side Rendering (SSR), improving SEO visibility and reducing page load times.
- Delivered responsive, role-based dashboards using React to handle unique interfaces for players, owners, and administrators.
- Integrated the Stripe payment gateway, built automated email notification flows, and designed backend REST APIs using MongoDB.

Netflix Clone

[See Repo](#)

Next.js, Tailwind CSS, REST APIs

- Engineered a fully responsive streaming homepage with a dynamic hero banner and fluid, horizontally scrolling media rows, optimizing component lifecycles for high-performance scrolling.
- Integrated third-party REST APIs via asynchronous data fetching dynamically populate media content, minimizing layout shifts across all devices.

Steak Away Food Delivery Clone App

[See Repo](#)

React Native, Supabase

- Engineered a mobile food delivery application featuring real-time order tracking, secure authentication, and seamless database synchronization.
 - Implemented persistent storage for user accounts and optimized state management to significantly reduce API call redundancy.
-

Education

Comsats University Islamabad

BS in Computer Science

Relevant Coursework: Data Structures (Java), Object-Oriented Programming (Java), Database Systems, Mobile App Development, Parallel and Distributed Computing, Computer Vision Machine Learning

Punjab Group of Colleges

FSc Pre-Engineering

Lahore, Pakistan

Sep 2022 – July 2026

Okara, Pakistan

Aug 2020 – Aug 2022
